## Verse 1

If you could still hear me now  
you'd know that life was still worth living,  
the pain in your heart would fade away.

Those that would be your guide  
would see your souls as those most giving,  
if you could be here with me today.

## Chorus

Feelin' Broken Hearted,  
Knowing that won't be back again.  
Feelin' Broken Hearted,  
Cause you won't be back, never, never comin' back.  
Never Coming Back.

## Verse 2

Those that would be your guide  
would see your souls as those most giving,  
if you could be here with me today.

## Chorus

Feelin' Broken Hearted,  
Knowing that won't be back again.  
Feelin' Broken Hearted,  
Cause you won't be back, never, never comin' back.  
Never Coming Back.

- Break -

## Finale

Now & then it'll be alright,  
it helps to stare at the stars at night.  
There's always two that are shining bright  
and I know you're there not to say goodbye

Feelin' Broken Hearted,  
Cause you won't be back, never, never comin' back.  
Never Coming Back.

Never, never comin' back.

Feelin' Broken Hearted,  
Cause you won't be back, never, never comin' back.  
Never Coming Back.

Never, never comin' back.

*Fade.*
